LET'S CONNECT:

September 2nd, 2022

To our valued customers,

After much deliberation, we at the NL Housing & Homelessness Network have deemed it necessary to increase our rental rates for the Provincial Learning Centre effective October 1st, 2022.

To be clear, this rate increase does not affect any existing bookings for the Learning Centre or any bookings made between now and October 1st. Any customer who books the Learning Centre between now and end of day September 30th, 2022 will receive the current rates.

Below is our new rate structure:

Hourly Rate	Half-day (4-hour) Rate	Full-day (8-hour) Rate	Technician Rate
Nonprofit: \$45 per hour	Nonprofit: \$150	Nonprofit: \$210	\$40 per hour
Corporate/ Government: \$72 per hour	Corporate/ Government: \$240	Corporate/ Government: \$300	\$40 per hour

Above pricing does not include HST/applicable taxes.

What is different? Almost 100% of our customers use our AV equipment, so we have eliminated the separate AV Fee and slightly increased our overall room rental fees.

We've added an hourly rate for groups who wish to host shorter events or events that go longer than 4 or 8 hours, as well as a new "Technician Rate" for groups who would like a member of the NLHHN staff on hand to assist with technical requirements during their hybrid meetings.

Lastly, we have eliminated any fees for flip charts, these will now be provided at no extra charge.

In other positive news, we will be unveiling a new web-based booking system on October 1st. More information on that as we get closer!

Thank you,

Jeff Hillyard
Communications & Training Coordinator
